

# Sherman County School District "Builds" Opportunities for Student Success

## WORKING TOGETHER TO PUT STUDENT SUCCESS FIRST

With the PK-12 Comprehensive Facility now substantially complete, it is a perfect time to celebrate and thank everyone who participated in the development of the new, state-of-the-art, safety conscious and thoughtfully designed facility. The District is extremely fortunate to be supported by Strategic Investment Program Funds through Sherman County. Since 2009, these allocated dollars have supported academic and facility projects that have had an extremely positive impact on students, staff and our school. In addition, I would like to thank the entire Sherman County community, businesses, friends, service clubs and faith organizations that continue to be so generous to our school and students.

As celebrated in the March dedication, I would again like to thank the James Weir Memorial Fund – Biglow District for their support and extremely generous gift of \$500,000 that made the James Weir Agricultural Science and Technology Center a reality. This entire facility project was made possible by the exceptional teamwork of the Sherman County School District Board of Directors, the numerous people who served on the various committees, Mike Carter and his Kirby Nagelhout Construction crew, BBT Architects, and Project Manager Mike Marino.

The School District is planning an Opening Ceremony that is scheduled to take place on Tuesday, October 18, 2016 at 6:00 p.m. This community event will include a ribbon cutting celebration and light hors d'oeuvres.

As always, if you have any questions please contact me at (541) 565-3500 or [wowens@sherman.k12.or.us](mailto:wowens@sherman.k12.or.us). Thank you for your support of the Sherman County School District.

Sincerely,  
*Wes Owens*  
Superintendent
