

What a great community we live in! Our students, staff, community members, and the Mid-Columbia Bus Company really came through for the food drive that was sponsored by the Sherman Jr./Sr. High Student Council. With their combined efforts we were able to beat last year's total by 38 pounds.

A grand total of 3,193 pounds of food was collected for the Sherman County Food Bank, with 2,328 pounds attributed to cash donations of 3 lbs. of food per \$1.00 donation.

Leading the efforts was the senior class who brought in 402 pounds of food and \$128. The staff challenged the classes this year and they brought in 218 pounds of food and \$268. All classes contributed and have earned class points for their involvement.

A BIG thank you goes to Mid-Columbia Bus Company for providing the school bus for our "Stuff the Bus" campaign, and for transporting and storing the food on the bus until it can be delivered to the Sherman County Food Bank.
