

Sherman County School

"Home of the Huskies"

9/24/18

This Friday night, September 28, 2018, the Sherman High School Football team will not be playing its game against Enterprise High School. This is due to a shortage of players from a combination of injuries and failing to meet the academic expectations of a Sherman student athlete. With student safety in mind, the Sherman County School District and Sherman High School will evaluate the injury report at the end of the week and give its student athletes the academic support and opportunities they need to be back on the field at Ione on Oct. 5.

Thank You,

Mike Somnis
K-12 Principal
Head Football Coach
